Email: Shivam Chaubey
Mobile: +91 765 789 9422

SKILLS

- Languages: Python, Java, C++, C
- Core CS: DSA, Operating System
- Framework: HTML, CSS, Streamlit
- Tools / Platforms: Git, GitHub, Jupyter Notebook, PyCharm, VS Code
- Libraries: Pandas, NumPy, Matplotlib, Seaborn
- Softs Skills: Communication, Adaptability, Team Collaboration

PROJECTS

Recipe Generator — Feb '26

- Developed a web app recipe generator that suggests meals based on ingredients, dietary restrictions, and cuisine preferences.
- Integrated external food APIs to fetch recipe data dynamically
- Implemented filtering logic based on available ingredients and dietary requirements.
- Built an interactive interface using Python and Streamlit

  Tech: Python, APIs, Streamlit
  GitHub link: shivam-K-chaubey/Ai-recipe-generator

Flight Search Automation System — Sep '25

- Developed a Python-based flight deal finder that automatically searches for cheap flights and sends notifications when prices drop below a specified threshold.
- Implemented API integration to retrieve real-time flight pricing data.
- Built a modular system using separate components for flight search, data management, and notifications.
- Implemented automated alerts using email notifications when cheaper flight deals were found.
- Designed a structured workflow using multiple Python modules for scalability and maintainability.

  Tech Stack: Python, REST APIs, Data Processing, Automation
  GitHub link: shivam-K-chaubey/flight-search

Live Weather Data Visualization — Apr '25

- Created a data analysis and visualization dashboard to analyze weather datasets and display insights.
- Cleaned and processed raw datasets using Pandas.
- Built advanced visualizations including relational plots and joint plots using Seaborn and Matplotlib.
- Displayed multiple insights such as temperature trends and daylight analysis.

  Tech: Python, Pandas, Matplotlib, Seaborn
  GitHub link: shivam-K-chaubey/live-weather-data-visualization

CERTIFICATES

- Master Generative AI & Generative AI tools – Udemy — Aug '25
- Master in C: Basic to Beyond – CSE Pathshala — Mar '24

ACHIEVEMENTS

- Solved 60+ LeetCode problems focused on Data Structures and & Algorithms
- Completed a React + Node.js full-stack development course as part of summer training

EDUCATION

- Lovely Professional University — Jalandhar, Punjab
  Bachelor of Technology – CSE (Third Year); CGPA: 6.85 — *Since August 2023*
- Army Public School — Jalandhar, Punjab
  Intermediate; Percentage: 89% — *2020 – 2021*
- Army Public School — Jalandhar, Punjab
  Matriculate; Percentage; 83% — *2018 - 2019*
